**AOC SUPPORTS  
REALLOCATION OF JTA FUNDS  
SB 270**

On February 9, 2015, the Association of Oregon Counties Legislative Committee voted unanimously to support SB 270, which reallocates moneys for transportation projects listed in the Oregon Jobs & Transportation Act of 2009.

Using savings from projects identified in a very successful, bi-partisan transportation package to cover overruns on projects in that same package is transparent and wise. SB 270 is common sense legislation reflective of good government. That is a concept AOC's members, much like Oregon's legislators, will always support.

AOC's members encourage your support of SB 270.
