Re: Low Carbon Fuel Standard (SB 324)

Dear Chair Vega Pederson and Members of the House Committee on Energy and
The Environment,

The Chamber of Medford/Jackson County opposes SB 324 because it will negatively impact our businesses and our community.

SB 324 represents a gas tax. It will increase the cost of fuel significantly. This means less disposable income for our residents to spend at our local businesses. It also means fewer people in our hotels, restaurants, and shops as travel costs increase.

Our ability to attract tourists also depends on good and safe highways and roads. Usually, gas tax money is dedicated to highway and road construction and maintenance. SB 324 will increase fuel costs with no money going to roads and highways. We are also very concerned that it will compromise road funding not only now, but well into the future as Oregonians become increasingly price sensitive and reject gas taxes.

We don't see any economic benefits to our businesses and community as a result of SB 324. The only possibility we see is that it will be yet another blow to our local economy.

Please let the Oregon Clean Fuels Program expire. Please oppose SB 324.

Respectfully submitted,

Brad S. Hicks, CCE
President & CEO
