To whom it may concern,

I am writing this letter to put on notice any and all medical facilities that have my medical information that it is PRIVATE in the past, present and future. You are not to release any medical records or personal information including (but not limited to) name, address, date of birth, social security numbers, phone numbers, or any medical information without my written consent. This also includes any updates on medical information already leaked.

Due to an Oregon law, I have found that my personal medical information, including personal information (name, address, etc.) has been released without my knowledge or consent.

Sincerely,

Sharolyn Bowman
