Senate Committee on the Judiciary
Senator Floyd Prozanski, Chair
Members of the Committee

Re: Ceasefire Oregon opposes SB 86

Dear Senator Prozanski,

Ceasefire Oregon works to reduce gun violence in Oregon. We strongly oppose SB 86 which would allow firearms facilities on land zoned exclusive farm use, forest and mixed farm and forest.

The risk of unintentional shooting of people or farm animals on neighboring property is too great to allow this change in the Oregon's state firearm preemption law. A bullet from a .22 caliber gun can travel up to one mile. A bullet from a .30-06 can travel up to three miles.¹ How are the neighbors of these new firings ranges to protect themselves, their farm animals and their property? How are Oregon families who are enjoying the forest to protect themselves from a gun range two miles away? There is no reason to put additional Oregonians at risk for gunshot injury or death when our state offers at least 60 other firings ranges which are not in farm or forest zones (Oregon State Shooting Association).

In addition, SB 86 appears to be a special exemption designed to bypass land use rules that have already been put in place in an effort to protect Oregonians from gunshot injury or death.

Finally, Ceasefire Oregon is concerned about the lead contamination of farmland and forest streams from runoff.

Ceasefire Oregon urges this committee to not approve SB 86.

Thank you for your time.

Sincerely,

A handwritten signature in blue ink, appearing to read "Penny Okamoto", is written over a light blue circular stamp.

Penny Okamoto
Executive Director
Ceasefire Oregon
