(-) SD share of NQTL

= Formula Revenue Available

for distribution to SDs

Education Service Districts (4.5%)

(-) 10th Grade Assessment

(-) ESD Share of NQTL

= Formula Revenue Available

for distribution to ESDs

General Purpose Grant, Transportation Grant

Approved Transportation Costs:

Providing transportation to

- Elementary students living at least 1 mile from school
- Secondary students living at least 1.5 miles from school
- Certain students for health or safety reasons
- Certain preschool children with disabilities
- Students requiring room and board payment in lieu of transportation
- Students going between school facilities
- Students on school-sponsored field trips

Distribution of Transportation Grant

- Transportation Grant = 70% to 90% of Approved Transportation Costs
- School Districts are ranked each fiscal year by approved transportation costs per Average Daily Membership (ADM) from the highest to the lowest
- The district grant depends on the following ranking:

District Cost Rank	Reimbursement of Costs
Highest 10%	90%
Next highest 10%	80%
Remaining 80%	70%
