Senate Committee on Environment and Natural Resources

REVENUE: No revenue impact**FISCAL: May have fiscal impact, statement not yet issued****SUBSEQUENT REFERRAL TO:****Action:****Vote:****Yeas:****Nays:****Exc.:****Prepared By:** Beth Reiley, Administrator**Meeting Dates:** 3/9

WHAT THE MEASURE DOES: Authorizes Water Resources Department (Department) to issue grants to assist person; public body; United States agency or department; or Indian tribe in preparation of place-based integrated water resources strategies that are consistent with Department's policy and requirements. Authorizes Department to provide technical assistance and information to assist entity in preparing place-based integrated water resources strategy. Authorizes Water Resources Commission to adopt rules. Declares emergency, effective on passage.

ISSUES DISCUSSED:

EFFECT OF COMMITTEE AMENDMENT: (Proposed -2 Amendment) Replaces measure. Authorizes Water Resources Department (Department) to issue grants to person; public body; or Indian tribe to facilitate preparation of place-based integrated water resources strategies (strategies) that are consistent with state laws, water resource policy and Department requirements. Authorizes Department to enter into agreements with, provide technical assistance and information to assist in development of strategies. Strategies must be developed in collaboration with balanced representation of interests; balance future and current in and out of stream needs; include actions consistent with existing law and policy; facilitate implementation of local solutions; be developed in open process; and be developed in consultation with Department. Authorizes Water Resources Commission to adopt rules. Sunsets Act January 2, 2025.

BACKGROUND: In August, 2012 the Water Resources Commission adopted the Integrated Water Resources Strategy (IWRS) which created a statewide framework and path for meeting Oregon's instream and out-of-stream water needs. Recommended Action 9A of the IWRS calls for the voluntary undertaking of a placed-based approach to water resources planning to help communities understand and meet their instream and out-of-stream water resources needs.

Senate Bill 266 would authorize the Water Resources Department to provide grants to entities to assist in the preparation of place-based integrated water resources strategies.
