

**Do you want debt free college, or would you rather owe \$29,400 to some banker?**

House Bill 2662, "Pay It Forward", is a plan that would eliminate college debt for students like you and I. We could go to school tuition free and then pay forward a small percentage of our income after we graduate to the next group of students. Let's tell Oregon lawmakers to start taking our futures as seriously as we do.
