**Re: HB 2762**

Leatile:

Hi my name is Leatile and I am a 9 year old 4th grader at Sunnyside Environmental School and this is my friend Ada also a 9 year old 4th grader at Sunnyside Environmental School. We did some research and discovered that all of New York City schools have banned polystyrene lunch trays. This is saying a lot because New York has the *largest* school district in the United States of America. Furthermore, Los Angeles the *second largest* school district after New York has banned polystyrene lunch trays. What is great is that Portland Public Schools have also banned polystyrene lunch trays.

Ada:

So, we think it is important that you help us by passing this bill. Thank you for your time.
