Re: HB 2762

MEASURE: HB 2762
EXHIBIT: 15
HOUSE ENERGY & ENVIRONMENT
DATE: 3-10-15 PAGES: 1
SUBMITTED BY: Sam Even

Hi, my name is Sam Even. I am 9 years old. I am a 3rd grader at Sunnyside Environmental School. I am here to talk about more polystyrene health hazards. Here are the facts from the Environmental Protection Agency:

- Polystyrene bothers your stomach.
- Chronic exposure to styrene in humans results in effects on the central nervous system with symptoms like headaches, fatigue, weakness, depression, central nervous system dysfunction, hearing loss, and kidney problems.

Thank you for your time.
