Jack Brown	coos bay, OR	2015-01-31	This is important for our freedom of choice.
Jodi Carroll	Winfield, IL	2015-02-01	I prefer freedom
Marcella Simerly	Coquille, OR	2015-02-01	Patient's are already paying for insurance to have the right to choose their own Doctor's. Let the patient choose.
Arvind Cavale	Southampton, PA	2015-02-01	The patients need a choice
William Grile	Coos Bay, OR	2015-02-01	I'm signing this because, from personal experience, I have received outstanding medical care Out Of Network ... but it costs me more due to insurance rules. This is supported by poor public policy and a greedy insurance industry. It's just wrong!
Linda Grile	Coos Bay, OR	2015-02-01	Public policy should prohibit insurance companies from discriminating against patients who use out of network providers.
Christina Peterson	Clackamas, OR	2015-02-01	Patients need choices in seeking health care. The best choice of physician may not be on the list given them by their insurance company. Let patients choose.
Yvonne Geyer	Terre Haute, IN	2015-02-01	My husband's life was extending by nearly a year because we went out of network. It matters!
Jane Orient	Tucson, AZ	2015-02-01	I am concerned about patients losing access to timely care.
Joanne Potega	Machesney Park, IL	2015-02-01	I feel we should be able to choose our doctor and where we want to be. Obama said you can keep your doctor. I we can't repeal obamacare we should at least make it right one step at a time.
Kartik Chandrasekhar	Nepean	2015-02-02	I'm a believer in the free market!
Angela Anzaldua	Dodd City, TX	2015-02-02	Carriers are increasingly creating smaller and smaller networks based on utilization that excludes good physicians based on services they order. This should stop.
Homero Ferreyra	Mamaroneck, NY	2015-02-02	I agree we aught not be charged for free choice to choose out of network care.
Craig Wax	Harrison Township, NJ	2015-02-02	I am a physician and the patient and insurance company discrimination by close networks, referrals, pre-certifications and prior authorizations are all nonsense and must and now!
Wm Chadney	Astoria, OR	2015-02-02	We need a system that works!
Dan Smith	Louisville, KY	2015-02-02	I have spent THOUSANDS on out of pocket care over the last 2 years in order to avoid MAJOR SPINE SURGERY that would have made my life unbearable! There are alternatives that WORK!! sTOP PENALIZING US BC OF YOUR INSURANCE LOBBY MAFIA!!
Valarie Murphy	Lafayette, CO	2015-02-02	Price should never depend on what insurance someone have. Pricing should be open and honest.
Linda ONeall	Amarillo, TX	2015-02-02	Obamacare is the most egregious law ever forced on the American people. I hate it and its founders. Anything that takes power away from Obamacare is good.
Lisa Barrington	Coos Bay, OR	2015-02-02	I support patients rights to use/choose out of network health care without "financial punishment" from the insurance companies.
Julie Rumreich	North Bend, OR	2015-02-02	I believe we and not the insurance companies should be able to choose our doctors. There should be no discrimination in payment to physicians considered "out of network." Insurance is already ridiculously expensive and we should be allowed to access benefits in a fair way.

Josh Umbehr	Wichita, KS	2015-02-02	I'm signing because I support patients ability to choose their own health care.
Keith Aitken	Levittown, PA	2015-02-02	Patients should not be punished or be discriminated against for using their out-of-network health insurance benefits. I have paid thousands of dollars out of pocket because of emergency medical procedures and services where there was not enough time to schedule with physicians in network or get pre authorizations or referrals.
Alieta Eck	Somerset, NJ	2015-02-02	No insurance company should be allowed to choose which doctor we see, or punish us for making our own choice.
Richard Armstrong	Newberry, MI	2015-02-02	I support more freedom for physicians and patients.
Brenda Challoner	Wisconsin Rapids, WI	2015-02-02	I am sick and tired of people being forced to stay on Medical assistance and losing their rights to privacy. I am also sick of others forced to pay insurance companies for healthcare they cannot use due to high deductibles and co-pays if one is low income. The Obama care is a socio-economic discriminatory practice and needs to be rid of.
Teresa Feltner	London, KY	2015-02-02	I am signing because people should be able to get the healthcare that they need from whatever source they need it from. Insurance companys should have no say so at all.
Morgan Garman	Langlois, OR	2015-02-02	There are often very good reason to choose an out of plan provider, especially in smaller communities where mhealth care options are limited.
Dean Hamill	Westlake, OR	2015-02-02	Patients should have the right to choose the medical professionals they trust and with whom they may have had prior treatment without being financially penalized.
Lily Anniskett	al, AK	2015-02-02	Thats the fair thing to do.
Kristie Vaughn	Coos Bay, OR	2015-02-02	Even though you ask if they are in network the employee sometimes do not understand the difference and they think because they bill that insurance it is the same thing. I ended up paying almost 80% for my new knee.
Louis Liberante	Springfield, OR	2015-02-03	I believe this would benefit consumers.
Brenda leisy	Gering, NE	2015-02-03	I should be able to choose who cares for me and my family. It's not a government decision.
Sonia Amlin	Madras, OR	2015-02-03	Everyone deserves equal medical treatment. I feel this petition especially rings true to people living in rural areas who already have limited access to health care. So, when people have to seek care out of their network, they are penalized. It isn't right. When did insurance company's become my doctor or my "second opinion" for care? Insurance company's have way too much say in who, and where I can seek medical services that I pay them for. I've experienced first hand, the finanancial ramifications of having to seek medical care out of network. When we are ill, we should be able to focus on how to get better, and be able to seek the care needed, wether they are in network or not, without having to second guess our care for financial reasons.
DR. GINA REGHETTI	WARREN, OH	2015-02-03	Insurance Corporates are out-of-control & must be stopped! They're not about Patients-Doctors. Just Greed & Control.
Alyssa Rush	Madras, OR	2015-02-03	This issue has taken long enough to be addressed and is something we need changed quickly.
Ken Stack	Liverpool, NY	2015-02-03	In network providers have a reduced incentive to compete and improve once in the insurance plan network. Competition is reduced, quality of service suffers

Messerle Lola	Coos Bay, OR	2015-02-03	Insurance Companies should not dictate who our primary care physician is. We buy insurance to cover our medical needs whether they're part of a network or not. Doctors should be able to be in a network or independent of a network.

B H	Half Moon Bay, CA	2015-02-11	Insurance companies are now public utilities with near monopoly control of the "market.". If peopel are mandated to purchase their product - the people get to have a say in what products are offered and for how much.

Ada Kirkman	Medford, OR	2015-02-18	The physician-patient relationship needs to remain autonomous. There is enough government intrusion as is.
Robert Emmons	Burlington, VT	2015-02-21	I am a psychiatrist in private practice. Separate deductibles for out of network care creates a barrier to care with me at a time when patients must wait months for appointments with in-network psychiatrists.
Willard Curtis	Coos Bay, OR	2015-02-25	I think that the system is discriminatory and needs to be changed!
Donald O'Neill	Bandon, OR	2015-02-27	Keep government out of my healthcare

Findlay, my dentist is out of network snd dental pays poorly already but even worse in that case.

Katrina Buskirk	Klamath Falls, OR	2015-02-15	PPlease consider including language allowing OHP participants to opt out of CCOs that are monopolies in their community. My county has ONE CCO and it leaves us with NO choices, except the choice to receive substandard care, or forgo attempting to pursue care at all, except on an emergency basis, negating any cost savings preventive care provides.
Merridy Menna	Falls Church, VA	2015-02-18	The right for the people to determine their own course shall not be infringed. It is an affront to liberty that the government has co-opted out rights to seek medical care as we see fit.

Carole thompson	San Antonio, TX	2015-02-18	i believe in a healthcare delivery system that integrates choice and participation versus government intervention of regulations, restrictions and denials.
