

Oregon Veterinary  Medical Association

**House Bill 3468  
Support**

Dear Chair Barker, Vice Chairs Olson and Williamson, and Committee Members:

Physically causing harm to an animal in Oregon is a crime. Threatening to cause injury to an animal in order to coerce an individual to commit an action against that person's will should also be a criminal act.

The Oregon Veterinary Medical Association, a statewide advocacy group for animals, supports House Bill 3468. We ask for your support as well. Thank you for your consideration.

**Glenn**

Glenn M. Kolb
