

I would like to share my support for HB 2385. I believe it should be up to the individual district to decide whether adopting the Common Core standards is a good thing for its students. I disagree with my district being told what to teach, how to teach, and when to teach it, especially when I know the teachers of my children are not in complete agreement with these standards. Keep control local. Please pass HB 2385.

Thank you for your time.

Sincerely,
Denise Bents
