**Analysis:**

This fiscal impact statement is for the purpose of transmitting Senate Bill 478 with the – 8 amendment from the Senate Committee on Environment and Natural Resources to the Joint Committee on Ways and Means. The bill requires the Oregon Health Authority to establish and maintain on its website a list of designated high priority chemicals of concern for children's health used in children's products and to periodically review and revise the list. The bill allocates an unspecified amount of Other Funds to the Oregon Health Authority for this purpose. The bill is anticipated to have a fiscal impact on the Oregon Health Authority, the Department of Environmental Quality, the Department of Justice, and the Judicial Department. The amount of this impact is still being determined. A more complete fiscal analysis on the bill will be prepared as the measure is considered in the Joint Committee on Ways and Means.
