

Oregon Department of Education
Responses to 2015 Ways and Means Information Requests
3-23-15

From the March 19, 2015 meeting of the Education Subcommittee:

1. Regarding the Eastern Promise Replication Grant, what are the graduations rates for high schools benefitting from the grants? (Representative Huffman)

RESPONSE: Eastern Promise Replication Grant schools first were funded in March 2014, so these schools do not have data reflecting a *full* school year of grant funding. However, attached is a list of schools benefitting from the original Eastern Promise grant, reflecting graduation data before grant participation (2012-13 and earlier) and after grant participation (2013-14, but starting in March 2014).
