Subject: SB 464

Adam, please submit the following for consideration by the committee on SB 464

TO: Co-Chair President Pro Tempore Ginny Burdick

Co-Chair Representative Ann Lininger

Co-Vice Chair Senate Republican Leader Ted Ferrioli

Co-Vice Chair Representative Carl Wilson

Co-Vice Chair Senator Floyd Prozanski

Representative Peter Buckley

Representative Ken Helm

Representative Andy Olson

Senator Jeff Kruse

Oppose SB 464

Please carefully consider the consequences of this bill. Improperly done it does great damage to the Magna Carta, the Bill of Rights, our common law, and the Herbalist Charter of 1542.

Cannabis is an herb, and like with all herbs, it works best making extractions whether it is a tea, a tincture, or other concentrates. Please do not place prohibitions or restrictions upon our basic rights to use herbs for our health and enjoyment. Alcohol is a basic component of many herbalists, to extract its components.

If you must place restrictions, save it for the regulation of handing butane, propane or other hazardous materials, than can be used safely with proper training. Remember, we allow public to pump hazardous, gaseous, flammable fuels everyday at the pumps without much hazard, because they have learned not to smoke or have open flames while refueling.

A little caution is all it takes please do not take away our freedoms because there are a few people who have not learned to stop lighting cigarettes near closed space butane users.

Thank you for your consideration. Please keep herbalism alive by not restricting the practice of herbalists who use solvents to obtain a worthy product.

Douglas Heuer
