

My name is Dave Pranger and I am the Weed Control Coordinator for Morrow County as well as the President of the Oregon County Weed Control Association. I understand there will be a reading of HB 3482 tomorrow and I would like to go on record as opposing this bill. It appears to be a remake of the old pesticide use reporting system that failed several years ago. This bill however targets public applicators. I see no need for this bill since we already keep records of pesticide applications that are of public record anyway. I see this bill as just a way to create more work for small departments with limited budgets.

Respectfully submitted,
