

The Association of Oregon County Planning Directors Support HB 3214

The Association of Oregon County Planning Directors (AOC PD) support HB 3214. AOC PD discussed the bill and came to the conclusion that it does not make any sense to require a county to have to justify an exception to farm and forest goals on land that had never been zoned as farm or forestland. Doing so would be costly for counties because this would be an unnecessary step. By passing this legislation consistency and cost savings would be ensured.

AOC PD supports HB 3214. For more information on AOC PD's position please contact policy manager, Mark Nystrom (mnystrom@aocweb.org/503-585-8351)
