Dear Rep. Witt:

I am very much in favor of HB 2589, HB 3123, and HB 3482 which will make our state safer for our children, our adult citizens, our pets, and wildlife and especially for our birds and invertebrates including bees. I am a beekeeper and have several hives of bees. I lost one hive last summer which was unheard of in the past. Without our pollinators, we will not have food. Thank you for your support.
