

Dear Ms. Handzel,

SB 525 is, in my opinion, a very bad bill. It just plain goes too far. Judges already are able to ban people who are charged with/convicted of domestic violence from having firearms. We don't need anything further.

What we do need, however, is the "Dash 1" Amendment to be incorporated into this bill.

I ask you, therefore, to support the "Dash 1" Amendment should you decide to move this bill forward.

Thanks very much for your consideration.

Sincerely yours,
