

Dear Members of the Judiciary Committee,

SB 525 expands the definition of "domestic violence" well beyond what any reasonable person would determine it to be. This is dangerous and counterproductive. Please remove this provision.

Currently, judges have virtually unlimited discretion eliminate the right to keep and bear firearms from people who have not been accused of, let alone convicted of, ANY crime. The proposed "dash 1" amendment would correct this undeserved yet all too often abused ability and allow an accused person to seek due process. I urge you to support this amendment if you choose to move this bill forward. But PLEASE respectfully consider voting against SB 525 in entirety. Thank you,

Blessings to you,
