

To the Judiciary Committee,

Please remove the provision in SB 525 which expands the definition of "domestic violence" beyond that of a reasonable person.

It is unreasonable for judges to have virtually unlimited discretion to take away firearm's rights from people who have not been convicted of a crime. The proposed "dash 1" amendment would correct this often abused activity and allow an accused person to seek due process. I urge you to support this amendment if you move this bill forward.

Thanks,
