

We are offended by the proposal of SB 941. It is basically a bill that would lead to registration and confiscation of all guns. This bill as crafted would do nothing to stop felons and others who care nothing about gun laws. SB 941 would only hurt law abiding citizens of this state and lead to destruction of our constitutional rights.

We urge all members of the Senate to VOTE NO on SB 941.

John Ledgerwood and Pamela Ledgerwood
