

To all it Concerns,

I am an Oregonian by birth. A proud Navy Veteran who has served honorably. Also a disgusted resident currently residing in Oregon. First and foremost the very fact that I have to in any way be concerned deeply about things that are a Constitutional right. That those involved with this legislation took an oath to uphold the very right they are now infringing upon is appalling.

Due to an already incredibly complicated and overreaching plethora of gun laws I already am unable to legally purchase a firearm. Due to a Hit and run car accident charged as a felony back in 2006 that I have payed restitution and met all conditions to satisfy the courts. As it currently stands my charged was reduced to a Misdemeanor. But still due to the current laws on the books I would have to hire an attorney and spend thousands of dollars I don't have to even have a chance to get my right to purchase a firearm.

I am a man who is Not a criminal. The facts are clear and available for anyone who cares to see them. The harder it is for the law abiding to keep and bear arms the more crime there is. Last time I checked criminals where not running to do a background check before they robbed, assaulted, raped, murdered etc. etc.
