

Senators,

I am writing testimony to strongly oppose SB 941 as it unfairly restricts the rights of Law Abiding Free Citizens of the United States of America and the State of Oregon. Please VOTE NO on SB 941.

As a conceal carry license holder of the State of Oregon, I have completed extensive background checks and should continue to be allowed to freely buy, sell or loan firearms to other law abiding citizens without going through any additional tyrannical methods to prove that I am worthy to buy, sell or loan a firearm to another responsible law abiding citizen.

I have committed no crimes and yet, the tyrannical lawmakers of the State of Oregon continue to treat me like a criminal and I find this extremely offensive.

Oregon already has firearm background check laws in place that cannot be enforced or are not enforced. The so called "Gun Show Loophole" has already been closed. Creating additional restrictive laws against law abiding citizens serves no purpose except to penalize these law abiding citizens.

Criminals will continue to obtain firearms through criminal means regardless of how many new laws are submitted for review. Again, I ask that the Senate Judiciary Committee Please VOTE NO on SB 941.

Ken Johnson
