

Dear Sir,

I believe SB 941 should be amended to exempt holders of a federal Curio & Relic FFL 03 licenses. These individuals have undergone a federal background check and do so every time they renew. SB 941 as written nullifies this federal license. Additionally, I believe SB 941 should also be amended to exempt holders of concealed carry licenses as they too have undergone background checks. Thank you very much.

Sincerely,

W. Prado
