Senator,

My testimony is as follows.

I am completely opposed to any gun laws as the Constitution i swore to uphold in my last and most favorite career as a US Airman. It is deplorable i fought and my fellow troops past and present die for people who want to destroy America. It is terrible. It is simple .. the Constitution does not say it is ok or to constrain basic civil rights. Simply put no exceptions or comprimises. America is free.. keep it that way. Remove current laws as they are unconstitutional period.

Thank you,
