

dear sir

this bill is just another in a list of bills to go after legal gun owners....bad guys do not buy legal guns....you know this....we already have background checks here,the new bill before you is trying to do more than just background checks,it is to register firearms so they can be taken later....you took an oath to uphold the constitution....please give a thought to that oath.....that document is the foundation of our country...people have been chipping away at it far to long....please do not vote for this bill.

thank you
