

Here we go again with this bullshit plan to CRIMINALIZE LAW-ABIDING CITIZENS and do ZERO to enforce current laws against CRIMINALS obtaining firearms. Who does this bill take aim at? An honest answer would be law-abiding citizens! How does this bill affect criminals? An honest answer would be it doesn't! But then, honesty is dearly LACKING in our politicians!

I know that it always boils down to money, Bloombergs money, OUTSIDE money etc. WHO pays YOUR salary???

This piece of shit legislation was passed up in Washington State last year and the blowback has been EXTREME!

Washington State LEOs have already said that this POS is UNENFORCEABLE, PERIOD!

So are you going to continue a fight that you can't win? We'll take you out at the ballot box, Believe it!

For the safety of ALL, get rid of this bill!
