

I am father of two daughters, a small business owner, a gun owner, a Veteran, and I vote. I strongly urge you to **OPPOSE Senate Bill 941**.

This bill serves to do nothing toward reducing violent crime or improve public safety. Criminals, by definition, do not follow the law and do not subject themselves to gun control schemes or background checks. It is already illegal to knowingly sell or transfer a firearm to someone classified as a prohibited person, and is a felony for a prohibited person to buy, own or possess a firearm. Senate Bill 941 is an ineffective and unenforceable piece of legislation that will only impact those attempting to remain law abiding by imposing cumbersome mandates and restrictions on the lawful purchase and possession of firearms.

I strongly urge you to **OPPOSE Senate Bill 941**.

Respectfully,

Antonio Porche, MBA and Family
