

I am a seventh generation Oregonian and Descendent of one of its founders, Reverend Ezra Fisher. One of his favorite sayings was: ' Eternal vigilance is the price of liberty'. Freedom can be scary at times. Creating more laws to make criminals out of normal citizens is a particular kind of disservice to those whom it affects. You are in danger of violating the freedom and safety of the people of Oregon. Please do not break your oath to the Constitution by voting yes on a bill such as sb941. Thank you. Ben Fisher.
