

Dear Mr. Rhoades,

**This is an email in opposition of SB 941.** I have exactly 25 minutes to get this emailed...as believe it or not, some of us work for a living.

I am absolutely furious at the total disregard for due process of the Oregon legislators have shown once again by shoving through SB 941 will make criminals out of once law abiding citizens. The ONLY day of opposition or protest allowed was pouring down rain and wind...horrible weather. 1 day of public comment is not NEARLY enough. And there has indeed been much opposition to this on record.

This law does nothing to address the issue at hand...it is yet another feel good law and attack on liberty! Why don't we simply start by putting pressure on the DA's to enforce the laws already on the books? If you don't believe me this is not being done, perhaps you will Law Enforcement. It is on record already that several county Sheriff's have testified to the ridiculousness of this bill and why. Yet not one of their concerns has been addressed. Obvious signs yet again that the Oregon Legislation intends on passing this in spite of how passionate it's citizens are against it.

What's more, this is soon to be followed with SB-945 "lock up your guns" bill...which is yet another attempt to "one up" state of Washington and even more ridiculousness than SB-941. Stop it! Politicians aren't happy with merely hosing up our Country, Constitution, and economy, now they have show how "trendy they are" and go after our God given right to defend ourselves. This is pure foolishness.

Thank you for your consideration.
