

SB-941

I did not revive this e-mail thill this evening. And I strongly oppose SB 941. This is in direct violation of the second amendment rights. This will not stop violent crimes only make criminals out of law-abiding citizens. It is not the governments or anyone's business if I want to lend a firearm to a friend or a family member for a hunting season or or if I want to give one to someone as a gift. Or to give one to a family member. This is my business and no one else's.

Again this bill does nothing to reduce violent crime, and only affect law-abiding gun owners by imposing cumbersome mandates and restrictions on the lawful purchase and possession of firearms.

Criminals, by definition, do not follow the law and do not subject themselves to gun control schemes or background checks. It is already illegal to knowingly sell or transfer a firearm to someone classified as a prohibited person, and is a felony for a prohibited person to buy, own or possess a firearm. This is an ineffective and unenforceable piece of legislation that will only impact the law abiding gun owners.

I Strongly Oppose SB 941 I see it as a threat to our Second Amendment Rights.

We have enough laws on the books they need to be enforced.
