

This Bill is UN-constitutional, and it does not address the true issue's, but just attacks law-biding Oregonians. Again, you can tell it was a bill sponsored by liberal's as it does not fix anything, but just makes liberal's feel good.

This bill and others like it, are like laws that would make it harder for law abiding citizens to own and buy cars because some break the law and drive impaired.

This law and the method it is being used to fast track it through the legislative process violates the constitution.

Please vote no on this bill.
