

As a voting Oregonian, gun owner and hunter, I strongly object to the haphazard way SB 941 is being pushed through the "Salem System" without adequate public input. This is a bad bill and you know it or you would give sufficient time for proper input. All SB 941 will do is make criminals out of law abiding citizens. Actual criminals will not abide by the provisions of SB 941 any more than they do now with existing laws. What you are doing is violating my Second Amendment rights as a United States citizen. I am copying my Senator so there is a record of my objection just in case your original accidentally gets lost.

Sincerely yours,

Ralph Lohman
