

Sir: I am completely opposed to any more of this nonsense gun control, which does nothing but restrict legal, law abiding gun owners from exercising their legal rights. Why are we cow-towing to a small bunch of liberals and enacting these "do nothing" "feel - good" laws?

I have been a firearms instructor for over 30 years, hunter safety instructor, Oregon Police Firearms Instructor twice, Public Safety Center lead instructor, and now OSP Sergeant, 25 year retiree.

Do not let this craziness continue!
