Hello,

My name is Glen Parker and I have received vouchers from the Senior Farm Nutrition Program. I have been able to purchase fruits and vegetables from local farmers during the summer. Without these vouchers, I would not be able to purchase any fresh produce because the costs are high and I have a very limited income. I receive \$16 in SNAP benefits, which is helpful but not very much. Every little bit helps make a difference, as I am barely scraping by. My mother did not receive the vouchers and had the minimum amount of food stamps, I know this program would have helped her tremendously.

Thank you,

Glen Parker
