

Jeff Rhoades,

There is no legitimate reason for rushing SB 941 through as is being done, other than the obvious reason, and that is not allowing opposition to SB 941 to be organized and be heard.

I and my family and the great majority of citizens of Eastern Oregon are against SB 941 for the simple reason that it is un-constitutional and as felons themselves have stated, it will do absolutely nothing to hinder criminals from getting firearms.
