### Why Transfer Public Lands (TPL)?

**The Promises Are The Same!**-At statehood, the federal government promised all newly created States that it would transfer title to our public lands.

**It's Already Been Done Before!**-Numerous midwestern states were up to 90% federally controlled until they compelled Congress to honor their statehood promise.

**It's The Only Solution Big Enough**-to (i) fund *Education*, (ii) better care for the *Environment*, (iii) grow the *Economy*, & (iv) attain *Energy independence*. We can't afford not to!

**Knowledge and Courage Are The Keys**-Visit us at [www.AmericanLandsCouncil.org](http://www.AmericanLandsCouncil.org) and take action today.
