

The UO College and Careers Building

Build a new space to connect Oregon students with Oregon jobs

The College and Careers Building will

- **add 450 much-needed classroom seats**, supporting student access and course availability
- **link UO students to high paying jobs** and Oregon industry by serving as the home for a new, reenvisioned UO career center
- **help recruit and retain top tier faculty members**, offering high-quality teaching spaces and research offices at the core of campus
- **increase recruitment, retention, and graduation rates** for a diverse range of students
- **support Oregon's best and brightest** as home to the College of Arts and Sciences College Scholars program

This project would begin in summer 2016 and create 268 jobs.

The College and Careers Building project will enhance student recruitment, retention, graduation, and future success by merging core academic activities with advising on career opportunities. The 50,000-square-foot building will provide much-needed classrooms at the core of campus, a home for the University of Oregon's College of Arts and Sciences, and a home for the Career Center. Co-locating the UO Career Center with the main core of UO's largest undergraduate college, the College of Arts and Sciences, will provide students direct access to career advising, preparation workshops, and Oregon employers. It will also provide Oregon employers greater access to UO talent.

ESTIMATED COST: \$34 MILLION

DONOR AND OTHER FUND MATCH: \$17 MILLION

FUNDS RAISED TO DATE: \$11 MILLION

CAPITAL REQUEST: \$17 MILLION

"The College and Careers Building will create new connections between UO students and Oregon employers, while helping more students to succeed and graduate on time."

— Scott Coltrane, Interim President,
University of Oregon
