

I would object to this bill

I am sorely distressed over the incremental and continuous dismantling of the Constitution of the United States of America.

SB 941 and bills like it push to make the majority of good citizens ,law breakers.

I stand firmly against this bill ..

I would call all representatives to concentrate on the enforcement of our borders, fixing the immigration problems and fully support the intent and rights of citizens of the United States...

To rush these bills through with no REAL emergency is not so good, in fact practical application of them serves no purpose .

I severely restricts the masses of good people and in practical matters dose little to lessen the sad acts of a few.

why not concentrate on balancing budget , tackling the immigration problems ,figuring out where much wasted moneys can use improvement...
