

Senate Meeting Testimony

NAME: Victor De Pablos

AGENDA: Support for SB 819

When I knew I had the opportunity to be here today in order to speak on behalf of Hope Chinese Charter School, I tried to think in all positive aspects about public education and realized that you must have already seen and heard all of them from smarter and better presenters than me.

Therefore, I just want to ask for a few hours of your time to visit the School before making a decision. I want to invite you to see the great things that the children accomplish every day. The kids work very hard every single day not only to learn Math, English, Chinese, etc. but also to be kind, safe, responsible, care for others.

There is not much I can say; however, If you have the opportunity to see their work on both English and Mandarin posted on the walls on the classrooms and hallways, to see their daily effort to learn, how much they enjoy and love their school I believe you will feel inspired to support them.

It is incredible what children can learn if we can only give them the opportunity.

Thank you

Respectfully,

Victor De Pablos
