

**Subject:** SB819 and SB829

Dear Committee Administrator Engbring,

I am a registered voter, and my child attends an Oregon Dept.of Education sponsored charter school, The Ivy School, which is also located in your district. I strongly support SB819 and SB829 which will come to the Education Committee on Tues. April 7, and I urge you to ask your Democratic colleagues on the committee to vote yes. SB819 would significantly increase our school's funding, and help us continue to improve the quality of Montessori education that our children receive. Thank you very much for your attention to this important issue.

Sincerely,  
Samantha Mascari
