Subject: In support of HB 3417

Dear Committee,

I am contacting you to voice my support of HB 3417. To have enough lead time to respond to proposals affecting Oregonians is critical for us to be responsive and responsible in letting our government know how important each proposal dealing with land use and water use in our state and community is. In days to come these issues will become critical as our resources become more scarce. Thank you. Ana Blair
