Subject: HB 3417

to Ian Davidson

Dear Committee:

I write as a concerned citizen in Sisters, Oregon. I request and urge the House pass HB 3417 to assure that the voice of the local people affected by the states' Regional Solutions program are considered. The 30 day public notice and comment period are necessary to allow time for reasoned consideration and comment of proposals for future development in Deschutes county and the entire state.

Thank you for your consideration of my request.
