

**Subject: Vaccinations in OR**

Dear Committee members,

I am writing this email to let you know that I OPPOSE SE 895 and hope you will too. I believe this bill is a discrimination and assault to Oregonians who have a choice of what they believe when it comes to vaccinations. As a mother of two children, I KNOW what is best for my children individually. Everyone is created differently and what works for one may not work for another. I feel like it is an assault on religious and medical freedom and goes against our freedom to choose in the United States. I don't see any good coming of discriminating against religious and medical freedoms.

Thank you for your time!
