Subject: "No" on SB 748

To: Sen. Edwards and Members of the Committee

I am urging a "No" vote on SB 748. This is an obvious attempt to erode our successful land use laws. The people spoke loud and clear when they voted for M. 49.

Oregonians want the farmland we have left to REMAIN farmland. If businesses want to build, they can build on the land already set aside. Or better yet, they can refurbish unused existing structures.

Governor Brown just signed SB 611 which gives businesses incentives to move to Oregon. There is plenty of correctly zoned land for them to do that.

We do NOT want our land use laws eroded. We already have way too many exceptions on EFU as it is.

Thank you for your consideration.
