Re: SB 716

Oregon Legislative Leader:

We are long-time residents of Clackamas County, moving to Lake Oswego in 1961 and then on to Wilsonville (Charbonneau) in 1990. During this period of time, over 50 years, huge amounts of farm land has been paved to make room for urban expansion but also much land has been set aside by responsible Oregonians for industrial expansion. Currently, we understand, there are many "shovel ready" large parcels available in the Portland metropolitan area. SB716 is another attempt by a special interest group to make an end run around the careful planning of local, city, county, and metro groups.

Please do not allow them to negate all this hard work. Do not allow the additional hearing on SB 716. Let it die in committee.

Thank You.
