Subject: Support HB 3470 please!

Dear Chair Vega Pederson and House Energy and Environment Committee,

I am writing to urge you to support House Bill 3470 (known as the Climate Stability and Justice Act).

Of all of the bills you will be considering at your Committee Hearing on April 14th, HB 3470 is the strongest climate policy. With a few minor modifications to the current version of the bill, can easily accomplish many key objectives including:

- Provides state agency responsibility and authority
- Gives state agency strategic implementation discretion to meet targets
- Integrates existing regulations into single comprehensive program
- Integrates with neighboring state actions for a greater consistency and impact

Please support HB 3470 and do all you can to advance HB 3470 this session!

Thank you,
Joan Kleban
