To: Reiley Beth

Subject: Do not move forward with SB 748

To whom it may concern:

I am strongly opposed to the language and intent of the recently introduced SB 748. This seems like a very shortsighted attempt to boost an image of economic development in Oregon at the expense of numerous guidelines and regulations that have been put in place to keep unbridled growth from running away in our state. There is nothing wrong with looking at different strategies to try to improve the economic status of our state, but let's not create a superhighway to bypass the regulations and guidelines that have been put in place to protect crucial aspects of our living environment.

Sincerely,
Whitney Lowe
