

Dear Chair Greenlick and members of the committee,

On behalf of the Osteopathic Physicians and Surgeons of Oregon, I would like to register our support for HB 3356

We believe that increasing the number of residency programs in Oregon will help recruit and retain medical students in Oregon. As we deal with an unprecedented primary care shortage in Oregon, we must do everything we can to address this issue and ensure all Oregonians have access to primary care.

On behalf of our over 1,200 Osteopathic physicians, residents and medical students, I urge you to support HB 3356 and fix a roadblock to expanding Oregon's primary care pool.

Sincerely,
David

David Walls
Executive Director,
Osteopathic Physicians and Surgeons of Oregon
